## GARY BOSGOED

### WORKSHOP

Vice-President of Corporate  
Development, Waiward Steel LP

Gary Bosgoed, P.Eng. is the Vice-President of Corporate Development of Waiward Steel LP. With over thirty-three years of experience, he specializes in business development, project delivery, business advisory services and community engagement on capital projects.

Gary was President and CEO of Bosgoed Project Consultants Ltd, a management consulting, development management and project management company. Gary was recently under contract to FT Services, a maintenance and turnaround division of AECOM, as the Vice President of Contract Development.

He was the Senior Vice-President and General Manager of the WorleyParsons Edmonton office, which consisted of over 2,300 personnel completing engineering, procurement and construction management for projects around the world. The team worked on oil & gas, mining, infrastructure and power projects in Canada and internationally. The project mix included small plant and infrastructure assignments, major and mega-projects and long term alliances.

Prior to that, Gary was the founder and President of Bosgoed Project Consultants, a western Canadian consulting engineering, project management and general contracting company. The company worked with over 100 First Nations and hired or sub-contracted over 400 First Nations people.

He was also founding Director of Circle Energy (CEN:TSX) a Calgary-based oil and gas exploration company and First Nations Internet Association, an internet service provider.

Mr. Bosgoed is also an active community leader, chairing the 2013 Alberta Capital Region United Way Campaign, Co-chairing the Alberta TransCanada Trail Fundraising Committee, on the Norquest College Industry Advisory Committee and a Heart & Stroke Foundation door-to-door Fundraiser. He currently chairs the fundraising committee for the Young Indigenous Women Circle of Leadership (YIWCL) program at the University of Alberta, and provides advice to indigenous businesses and initiatives. He also conceived of the Saskatchewan and Alberta Aboriginal Construction Careers Programs, which have provided construction jobs to over 12,000 indigenous people. Gary is the recipient of numerous awards, including the University of Regina Distinguished Alumni Award, National Aboriginal Achievement Award (now Indspire) in Business and Technology and the Saskatchewan Centennial Medal.

Gary is a member of the University Of Regina Board Of Governors. He is also an adjunct professor at the University of Alberta, teaching in their Aboriginal Community Industry Relations Certificate Program.
